

Dear Parents,

Maybe you have heard that the *LESEMENTOR* project is also being run in Cologne. The aim of this project is to provide individual support to children and youngsters, so as to make them realise that reading can be a fun and interesting activity, thus helping them with the German language.

As in other cities, a large number of people in Cologne have volunteered to help one child for about one school hour (approx. 45-60 minutes) once a week: i.e. to practise reading, to help them understand texts suitable for their age group, to write short passages, etc.

These extra hours will take place in the school the child attends and will be outside normal lesson times.

LESEMENTOR Köln brings the school, the child and the mentor together and helps and supports them in their work. For more information about *LESEMENTOR Köln* please go to our website: www.lesementorkoeln.de.

1

We plan to have mentors at our school, as well. We suggest that your child, , should be given the opportunity to take part in this project. If you and your child agree to take part, please complete and sign the attached consent form and return it to us. You will of course have the opportunity to meet your child's mentor.

Yours faithfully,

Teacher / Head of School

Stand: 18.10.2016
